

**I  
NEED  
YOU!**

**W**ith the changing economic situation, the life of our Museum may be coming to an end within a few years if we do not take very serious measures to save it. Most of us can consider ourselves blessed and as caretakers of this legacy we owe it to our Baba and Dido to preserve this beautiful gift. Although we carefully watch our expenses we must ask for your financial support to ensure that the Museum will remain for future generations. Please consider a financial or memorial donation or a bequest to the Ukrainian Museum of Canada.
